

LITTLE PEARLS NURSERY

LITTLE PEARLS NURSERY EVERY CHILD IS A MIRACLE

At **Little Pearls**, we explore the world we live in through the eyes of children. We celebrate diversity and realize that every child is special, unique, and every child is a miracle.

We believe that high quality early learning experiences are vital for our 1.5 - 4 year olds as they lay the foundation for a lifetime's love of learning.

We value Parents as the first and most important educators of their children, and we look forward to developing a close and supportive relationship with you during your child's time with us.

Our Philosophy

We strive to give the best holistic education. We encourage children to express their values and beliefs, treat every child as an individual, and care for their needs whilst taking into account their unique characteristics. There is a balance between our adult and child led activities in a fun and friendly environment for the children to develop skills at their own pace and ability.

DISCOVER LITTLE PEARLS

Little Pearls is yet another initiative of **GLOBAL EDUCATIONAL SOLUTIONS**, an established education solution provider focusing in the PreK-12 education. Combining Montessori Method with the Early Years Foundation Stage program is a product of our research into early childhood development, anchored with more than three decades of expertise in education at International level.

Our Vision

Our vision is to inspire young minds and to be the global representation for innovative early childhood education.

Mission

To provide quality pre-school education and life skills to prepare the child for Primary education and beyond.

We are committed to

- Excelling and always looking to the future in education and providing a friendly atmosphere where children can feel safe and inspired whilst promoting their physical, social, emotional, and intellectual development through a range of imaginative activities, opportunities and experiences.
- Recognize the unique set of skills and knowledge of each child and member of staff and utilize this so that we can collaboratively work and learn to the best of our ability.
- Inform, guide and help parents through a Liaising officer as well as teachers and management.

CURRICULUM

LITTLE PEARLS LEARNING JOURNEY

Children are naturally curious and like to explore and discover. They have their own idiosyncrasies that make them adventurous explorers and want to learn more with the right support and encouragement from adults and interacting with peers.

Our curriculum includes innovative and internationally acclaimed methodologies, which interlink the Early Years Foundation Stage and the Montessori Method of teaching. We promote excellent early learning practices and incorporate this with decades of international knowledge in the field of education in a multi-cultural environment in the UAE.

Children learn and develop in individual ways and at different paces. Our Early Years teachers work in partnership with parents to ensure that we give children the best opportunities to develop to their full potential using the EYFS planning structure and Montessori methods of learning. It shows how best to enable children to feel safe and supported and to extend their learning and development.

Our curriculum is centered on experiences that promote life skills, intellectual skills and real word knowledge.
